Objective:

As an adaptable and innovative professional, I am seeking opportunities to leverage my diverse skill set in software development, leadership, and communication to contribute to a forward-thinking organization. I am passionate about delivering solutions to real-world problems, continually learning new technologies, and achieving excellence in all endeavors.

Skills:

- **Software Development:** Skilled in HTML, CSS, JavaScript, Node.js, React, and SQL databases, with a focus on creating impactful functionalities, services, and solutions.
- **Multilingual:** Fluent in Persian, Kurdish Sorani, and English, fostering effective communication in diverse environments.
- **Strong Communication & Leadership:** Proven ability to convey ideas efficiently and guide teams towards common goals.
- **Adaptability & Organization:** Proficiency in adjusting to new situations and maintaining productivity in dynamic environments.
- **Work Ethic & Commitment to Excellence:** Unwavering dedication to delivering high-quality work and surpassing expectations.
- **Creative Problem Solver:** A keen passion for solving problems and a track record of developing innovative solutions to real-world issues.
- **Innovation:** Always seeking opportunities to bring new and needed functionalities, services, or products to the real world through software development.
- **Resilient:** Known for my enthusiasm for challenges, adaptability, mental resilience, and ability to thrive in any situation.

Experience:

Office Assistant, Iran, 2006-2009: Managed administrative tasks and demonstrated strong communication and teamwork skills while working collaboratively with colleagues.

Education:

- Bachelor's Degree in Psychology, Iran, 2007.
- Graduated from Code Your Future, Glasgow - Software Development Course, Glasgow, UK.

My educational journey, although diverse, stands as a testament to my adaptability, perseverance, and ability to excel in various fields.

Projects:

My **GitHub** profile (<https://github.com/HereshT>) and portfolio website (<https://herish-portfolio.netlify.app/>) demonstrate my development skills and creative problem-solving capabilities.

Hobbies:

A committed lifelong learner, I am passionate about staying at the forefront of using new technologies, including AI. In my leisure, I connect with nature, hit the gym, play chess, and listen to audiobooks, finding joy in continual personal growth.

About Me:

Transitioning into the tech industry, I have cultivated a diverse set of skills, ranging from office management to software development. My journey began with an intensive program at Code Your Future Glasgow, where I found my passion for problem-solving and coding. As a multilingual professional, I add diversity to any team and bring strong communication and leadership skills. My unwavering commitment to projects and my enthusiasm for challenges motivate me. I am adaptable, resilient, and thrive in any situation, equipping me well to contribute significantly in a dynamic environment.
